

# My Pet is LOST, what should I do?

*Bulverde Area Humane Society understands how upsetting this can be, and we want to help you reunite with your pet.*

Please do the following:

**1. Start your search immediately. Do not wait:**

Drive the neighborhood, talk to neighbors, and prepare flyers. Lost Dogs of Texas of a free template at [freetexasflyer.com](http://freetexasflyer.com). Give the flyer to your mail carrier, as well as UPS and FedEx drivers. Post the flyer in shopping centers, on telephone pole, in veterinary offices, pet stores and groomers in your area. Include a detailed description and the name of your pet. Your pet will be more likely to approach a stranger if called by name.

**2. Contact your pet's microchip company** and let them know he is lost. Check to make sure your contact information is current.

**3. Check with animal Shelters.** Call us and leave a complete message. Then email a description and photo to us and Animal Rescue Connections, as well as the following:

**5. Check with local Veterinary clinics** in case your pet has been injured and transported to the clinic by a passerby.

**6. Place a free ad in the San Antonio Express News:** 210-250-2345. Also, watch the 'Found' ads and respond to any that may possibly be your pet. After a week of wandering, your white poodle may look like a "gray mixed breed".

Above all, **don't give up searching** for your lost pet after just a few days or even weeks. Your pet may wander for some time before being turned in to a shelter.

Lastly, **microchipping is your first defense** so when you get your pet home have them microchipped. Keep the info current.
