

FOUND DOG OR CAT

You found a dog or cat so now what do you do?

We'd like to help make the experience **rewarding**, not frustrating. Hopefully, you and BAHS can together find the best solution.

BAHS applauds what you are doing for this lost animal.

Please do the following:

1. First, send a picture or description to these email addresses

(bahshelter@yahoo.com) - Bulverde Area Humane Society

(rescue@gvtc.com) – Animal Rescue Connections

(ComalCountyLostAndFoundDogs@gmail.com) – Comal County

(contact@co.comal.tx.us) – Comal County Animal Control

Make sure to include the specific location where the animal was found.

If the owner has contacted us, we can help get things worked out. BAHS would like to take in all lost pets, but we only have room for so many.

2. Take the animal to an area veterinarian for a microchip scan:

Bulverde Animal Hospital 830-980-9755

Country Hills Vet 830-438-2269

Animal Hospital of Smithson Valley 830-438-8885

Banfield Hospital at all Petsmart's

If the animal is sick or injured, take it to one of the above Vets or to the Sonterra Emergency Clinic. 210-830-8383

3. Consider:

File a lost & found report with Man & Beast 210-590-7387

Place a free ad in San Antonio Express News 210-250-2345

Prepare a flyer/poster with picture and description and post at area
